THE
STORY HOUSE

Sector 89A, Gurugram

THE WAY WE BUILD

Arttech has never merely built spaces,

We sculpt experiences, each more innovative than the last.
And Our latest masterpiece isn't just grander. It's a new paradigm of opulence,
innovation, and exclusivity.

It is a vision brought to life.

RECENT PROJECTS

From avant-grade commercial destinations to residential masterpieces that blend elegance with functionality, every project stands as a testament to our unwavering commitment to excellence.

These are not mere structures, but reminder of what's possible when ambition meets craft

DESIGN PHILOSOPHY

Design is an art form - an interplay of form and function, beauty and purpose. Every space is conceived with intention, sculpted with precision, and woven with emotion.

From grand facades to intimate details, our philosophy is simple yet profound: create not just buildings, but timeless experiences that inspire, elevate and endure.

IT'S MORE THAN A HOME

It's where your next chapter begins

The Story House is a thoughtfully curated residential development that blends modern living with serene surroundings. The project is designed to inspire comfort, creativity, and connection.

ELEGANT LIVING

The living and dining spaces at The Story House are designed to exude elegance and comfort, offering residents an expansive layout that blends functionality with style.

Large windows invite abundant natural light, enhancing the sense of openness, while the plush interiors, premium finishes, and thoughtfully curated details create an atmosphere of sophistication.

With ample room for family gatherings and social evenings, the living and dining areas truly embody the perfect balance of spaciousness and luxury living.
